June 2010

Dear Praying and Supporting Friends,

Thought for the month: *“The most important things in life aren't things.”*

Oh, how the days and weeks fly by, and the business of daily living and ministry never seem to let up! However, I am not complaining! Even at my age, I think I would have a hard time not staying busy, but I am constantly reminded these days “. . . For what *is* your life? It is even a vapour, that appeareth for a little time, and then vanisheth away.” James 4:14

Today is the last day of our VBS at Wyldeewood Baptist Church, and all of the Wings families have been involved in some way. We have just a little work left on the annual inspection for the Cessna 172, and we are so grateful for Brother Dave Borlee, who is a licensed aircraft inspector and has taken on the responsibility of seeing the work on the 172 accomplished. God bless you, Brother Borlee!!

Brother John Douglas, who is also a licensed aircraft inspector and who has worked with us and helped us for many years, is moving back to his home town in Wyoming at the end of June. We are praying for him and wish him and his family well, but they will be greatly missed! We love John and his family, and it is going to be hard to watch them drive away!! Please pray for them and their new direction!

The remainder of June, July, and into August will remain a busy time for us. The plans for working with Missionary Jim Pfaffenroth June 29 through July 23 in Uranium City, Saskatchewan, Canada, are coming together. However, we are still in need of financing to cover the cost of fuel for this endeavor. Your prayers and support for this project are needed and greatly appreciated.

As always, your gift is so deeply appreciated and we know in these uncertain economic times your gift is a sacrifice and a gift of love from the Lord sent through you! God bless you for it!!

Terry Rushing is working hard to get the last of the four fuel tanks replaced on the Chieftain and to be ready to leave for Canada on the 28th of this month. He will be taking his family except for his oldest son Michael, who has a job here in Oshkosh he is responsible for.

Barton Case has been helping with VBS, the annual inspection on the 172, taking care of flight camp director responsibilities, and drawing up plans (which he just showed me today) for a church to be built in Laredo, Texas. We plan to take a crew in October to build the main structure. Bart truly is a man of many talents! The plans look great!

Rich Young's wife Carolyn is doing much better, but still receiving therapy. **Thank you for praying!**

Sam Sanderlin: His prayer letters are exciting to read! Please check for the latest update at www.sanderlinafrica.blogspot.com.

Flight Camp: August 1 through August 7. We still have room!!

Under His Wings,

Brother Bob Warinner

P.S. All gifts received by Wings As Eagles are acknowledged in this monthly thank you letter. Please be assured that all designated gifts are distributed to that person or project for which they were designated.

“...by love serve one another.” GALATIANS 5:13B
