A ministry of Wyldewood Baptist Church

November 2009

Faith Baptist Church Milwaukee WI

On October 24th, The Master's Craftsmen began erecting the interior walls in a new church building in Milwaukee.

The weather was cool and because of the recent rain, the site was muddy, but that didn't stop the men who had decided to serve the Lord. The picture shows 35 team members, however there were several others that came to spend a couple of hours and then had to leave. All of the help was greatly needed for moving the wall panels to where they needed to go.

We had great food too. One of the men from New Lisbon brought his smoker and made smoked burgers and brats. He also served rice and beans that were tremendous. No one went away hungry, that's for sure.

After lunch Pastor Noonan brought a message to the men. We want to make sure that those attending our work teams hear a clear presentation of the Gospel. You never know, the first soul that gets saved in the new church just might be someone helping build it. After all, souls coming to know Christ is really what it is all about.

As you can see, the auditorium is very impressive. The platform will also be framed by volunteers of TMC in upcoming trips.

Another blessing was to see our new tool truck (Sampson) on the job site. We were able to transport team and tools and used the countertop inside to prepare the food.

Col 3:15 And let the peace of God rule in your hearts, to the which also ye are called in one body; and be ye thankful.

First Baptist Church New Lisbon

In the process of looking for volunteers for the Milwaukee project, TMC found out that Pastor Oatsvall's church needed a portion of their church roof replaced. Well we loaded up the truck and headed to New Lisbon. Working together with the men from First Baptist Church, we were able to put on over 40 squares of shingles in about five and a half hours.

Prayer Request

TMC has received many requests for help with building projects from the Bahamas, Alaska, Africa, and places in between. Please be in prayer that the Lord will make provision to allow us to help as many of these different ministries as possible. Over the next few months, I have several survey trips scheduled to prepare for work teams. Please pray for clear direction on and safety on these trips.
