

Wings As Eagles 1975 Piper Chieftain

Purpose

Because it is the desire of our hearts to see people saved and churches established around the world, we assist pastors and local churches in their Great Commission goals by

- ✦ Instilling within church families a heart for missions and encouraging them to be directly involved in foreign ministries by flying local church mission teams to the field
- ✦ Helping missionaries and pastors with evangelism and physical construction of church buildings on the field and at home
- ✦ Maintaining & rebuilding aircraft used by missionaries for gospel ministry
- ✦ Introducing young men to the need for missionary pilots and mechanics through our Wings Flight Camp
- ✦ Promoting aviation ministry in remote regions of the world and helping to train young men for this type of service
- ✦ Delivering Bibles, Christian literature, and humanitarian supplies to outposts in Mexico, the West Indies, Central America, the Canadian wilderness, and Africa

For more information regarding *Wings As Eagles*, Wings Flight Camp, to schedule a meeting or mission trip, or to support the ministry, please contact our office.

Captain Bob Warinner, *Wings As Eagles* founder, took his first solo flight in July 1953 when he was fifteen years old. Three years later Bob received Christ as his personal Savior. Later, while reading the book, *Jungle Pilot*, the Lord tugged at his heart concerning missionary aviation. Bob resisted that urge, and in 1959, at the age of twenty-one, he began a twenty-seven year career as an airline pilot with Frontier Airlines.

In 1982, twenty-three years into his career, God again burdened Bob's heart about missionary aviation. This time Bob obeyed that call and surrendered himself and his experience to the Lord's command.

Bob started *Wings As Eagles Mission Air Service* in July 1984, using his own four seat Beechcraft Bonanza. Two years later he left the airline business, dedicating himself full-time to the ministry. Bob is convinced that no career could be more rewarding than serving the Lord by transporting God's message and messengers on *Wings As Eagles*.

Keeping the *Wings As Eagles* ministry airborne requires a dedicated staff. These servants have given their lives full-time to the Lord's service and must raise their own personal support. When you support *Wings As Eagles* with your prayers and with your gifts, you make it possible for us to carry on this unique and vital ministry.

We greatly appreciate you and express our heartfelt thanks to you for your prayers and support. May the Lord abundantly bless you for your part—great or small—in this ministry.

WINGS AS EAGLES MISSION AIR SERVICE

*Serving Independent Baptist Churches
Since 1984*

But they that wait upon the LORD
shall renew *their* strength; they shall
mount up with wings as eagles . . .

- Isaiah 40:31

Reaching

Evangelism and church planting reach souls with the saving gospel of Jesus Christ. Using the aircraft that God has provided, *Wings As Eagles* is able to fly pastors, local church mission teams, and missionaries, along with Bibles and other Christian literature, into remote areas where other means of transportation are unpredictable and unreliable. The Lord has greatly blessed these efforts with hundreds of people accepting Christ as their Savior!

Caring

Natural disasters and man's sinful actions have brought widespread poverty to many of the remote areas we serve and present opportunities to exhibit practical Christian care. Jesus showed compassion during His earthly ministry by healing the sick and feeding the hungry. Mission teams demonstrate their concern for the people that national pastors and missionaries are reaching by delivering humanitarian gifts and assistance.

Building

As people are being saved, missionaries request help with the **construction of permanent buildings** to serve these new congregations. *Wings As Eagles* assists by transporting skilled engineers, carpenters, electricians, and other men and women who are burdened and willing to use their abilities in these remote regions.

Missionaries also request help with the **maintenance of their aircraft**. In some instances we supply parts and do simple repairs on the field. However, with the completion of our own *Wings As Eagles* hangar in 2005, we are able to do major repairs, as well as our own maintenance, here in Oshkosh, Wisconsin.

To **prepare young men** to serve God in the future as missionary pilots and mechanics, Wings Flight Camp was established in 2003. During the first week in August, campers are challenged from God's Word by veteran missionaries and pastors, and are given a well-rounded introduction to aircraft maintenance and flight instruction.
