Dear Friends and Family,

We are truly grateful for all your prayers and support over the last few months. We have experienced the highs and lows of life and even now are wading through another trial trusting the Lord for help. When David was hiding in a cave in great distress he penned Psalm 142 and verse 3 describes our heart over the last 6 weeks, "When my spirit was overwhelmed within me, then thou knewest my path." We are trusting the Lord to guide us through numerous trials at this time.

Vehicle Need

We were traveling from Oshkosh to Illinois last week, and a large pickup truck smashed into the back of our Astro van on the highway in a construction zone. Abby had some whiplash, though she is feeling mostly better. The vehicle was a total loss, and now we are without a family car. We were reimbursed for the blue book value but the money does not cover all we had put into it to make it such a great furlough and family van. We are looking for a Toyota to take to Cameroon with us, so maybe this is the time to purchase that vehicle. I have been busy searching the Quad Cities for a used 4WD or AWD Toyota 4Runner, Highlander, Sequoia, and Sienna. We believe that the Sequoia or Sienna would best fit our family and ministry needs. The ones that are older with low to mid mileage in good condition are running about \$8,000 to \$12,000 for the Siennas and more for the Sequoia. Please pray for the Lord to provide and give us wisdom for this purchase. We are renting a car and have a week covered by the other driver's insurance company.

Praises

The Lord has opened the door to provide lasik surgery for Abby, and we will be traveling to Ohio today for this operation. Please pray for the procedure to be successful as this will be a huge blessing for Abby not just for her comfort and sight but also for her being able to stop planning supplies and contact prescriptions in Africa! The logistics of this trip have been difficult due to the accident but this was prescheduled and not able to be changed.

In July, my trip with Edwine Penn was very successful. We flew across the country and back in two different **Sportsman** aircraft and successfully delivered the new Sportsman for Cameroon to John Douglas. We helped with various maintenance tasks with Ted Setzer and John Douglas two from Washington and Wyoming. We were blessed to the rugged beauty of the Rocky Mountains in Montana, Idaho, and Wyoming as well as the various mountains and beautiful variety of Washington state. The delivery schedule of the aircraft to Cameroon has been postponed so pray for wisdom for the future ferry flight.

Plans

Most of you know from emails in July and August about the passing of my father, Timothy Sanderlin, on August 1st. We are still struggling to understand this and thanking the Lord for his comfort and direction. We are presently basing in Illinois close to my mom to be of help to her. One of my brothers is also here with his family. My mom's church is a supporting church, and they have been without a pastor for a long time. My dad was filling the pulpit as a deacon and arranging special speakers. In between my own travels I plan to fill in as much as possible at Believers Baptist Church as well as arrange for speakers and Lord willing candidates. Please pray for the Lord to provide his Pastor for them.

Cameroon continues to experience violence and uncertainty as elections approach on October 7th. Please pray for safety for missionary and national coworkers and for our Wings As Eagles maintenance and survey trip scheduled for October 17th.

Yours truly in the Lord: Sam, Abby, Elena, Elias, Chloe, and Caitlyn Sanderlin
